308 Tanana Drive
Fairbanks, AK 99775-5500

PUBLICATION LIST
(Chronological/Alphabetical)

1962

Viereck, L.A. 1962. Lenses of frozen ground under white spruce growing on a river terrace in Mt. McKinley National Park. Paper presented before the 13th Alaska Science Conference. Alaska Division of AAAS (abstract published in proceedings, p. 33).

1963

Werner, R.A. 1963. The collection, identification, and preservation of forest insect pests of Alaska and their parasites and predators. Misc. Pap. U.S. Department of Agriculture, Forest Service, Northern Forest Experiment Station. 15 p.

1964

Werner, R.A. 1964. White spruce seed loss caused by insects in interior Alaska. Canadian Entomologist. 96: 1462-1464.

1965

Viereck, L.A. 1965. Relationship of white spruce to lenses of perennially frozen ground, Mount McKinley National Park, Alaska. Arctic. 18: 262-267.

1966

Johnson, A.W.; Viereck, L.A.; Johnson, R.E.; Melchior, H. 1966. Vegetation and flora. In: Willimovsky, N.C., ed. Environment of the Cape Thompson Region, Alaska. Washington, DC: U.S. EC: 277-354.

Viereck, L.A. 1966. Plant succession and soil development on gravel outwash of the Muldrow Glacier, Alaska. Ecological Monographs. 36: 181-199.

1967

Viereck, L.A. 1967. Botanical dating of recent glacial activity in western North America. In: Wright, H.E.; Osburn, W.H., eds. Arctic and Alpine Environments. Indiana University Press: 189-204.

Weber, William; Viereck, L.A. 1967. Lichens of Mt. McKinley National Park, Alaska. The Bryologist. 70: 227-35.

1969

Barney, Richard J. 1969. Interior Alaska wildfires, 1956-1965. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 47 p.

Barney, Richard J. 1969. Root feeder suppresses fires. Fire Control Notes. 30(3): 11-12.

Barney, Richard J. 1969. National fire danger rating system fine fuel moisture content tables--an Alaskan adaptation. Res. Note PNW-109. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 12 p.

Fischer, William C.; Beaufait, William R.; Norum, Rodney A. 1969. The hygrothermoaerograph--constructed and fire management applications. Res. Note INT-87. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 8 p. Incumbent designed electronic circuit for instrument described.

Noste, Nonan V. 1969. Analysis and summary of forest fires in coastal Alaska. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 12 p.

Trigg, William M.; Noste, Nonan V. 1969. Summary and analysis of fire danger indexed for selected coastal Alaska stations. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Forest and Range Experiment Station. 21 p.

Zasada, John C.; Gregory, Robert A. 1969. Regeneration of white spruce with reference to interior Alaska: a literature review. Res. Pap. PNW-79. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 37 p.

Zasada, J.C.; Zahner, R. 1969. Vessel development in the earlywood of red oak. Canadian Journal of Botany. 42: 1965-1971.

1970

Beckwith, R.C. 1970. Influence of host on larval survival and adult fecundity of Choristoneura conflictana (Lepidoptera: Tortricidae). Canadian Entomologist. 102(11): 1474-1480.

George, C.W.; Barney, R.J.; Sheets, G.M. 1970. LC retardant viscosity reduced in Alaska. Fire Control Notes. 31(2): 13-15.

Viereck, L.A. 1970. Soil temperature in river bottom stands in interior Alaska. In: Ecology of the subarctic regions: Proceedings Helsinki symposium, UNESCO: 223-233.

Viereck, L.A. 1970. Forest succession and soil development adjacent to the Chena River in interior Alaska. Arctic and Alpine Research. 2: 1-26.

Viereck, L.A.; Foote, M.J. 1970. The status of Populus balsamifera and P. trichocarpa in Alaska. Canadian Field Naturalist. 84: 169-173.

Van Cleve, K.; Zasada, J.C. 1970. Snow Breakage in black and white spruce stands in interior Alaska. Journal of Forestry. 68: 82-83.

Zasada, John C.; Winton, Lawson L. 1970. Albino seedlings of white spruce. Res. Note PNW-118. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 5 p.

Zasada, J.C.; Viereck, L.A. 1970. White spruce cone and seed production in interior Alaska, 1957-68. Res. Note PNW-129. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 11 p.

1971

Barney, Richard J. 1971. Selected 1966-1969 interior Alaska wildfire statistics with long term comparisons. Res. Note PNW-154. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 13 p.

Barney, Richard J. 1971. Wildfires in Alaska--some historical and projected effects and aspects. In: Proceedings--Fire in the northern environment--a symposium; 1971 April 13-14; College (Fairbanks), Alaska. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station: 51-59.

Barney, Richard J.; Van Wickle, Thomas C. 1971. A "battery saver" for event recorders. Res. Note PNW-168. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 6 p.

Green, K. Alan; Zasada, J.C.; Van Cleve, K. 1971. An albino aspen sucker. Forest Science. 17(2): 272.

Gregory, Robert A. 1971. Cambial activity in Alaskan white spruce. American Journal Botany. 58(2): 160-171.

Noste, Nonan V. 1971. A relationship between National Fire Danger Rating System spread index and time of day in interior Alaska. In: Proceedings--Fire in the northern environment--a symposium; 1971 April 13-14; College (Fairbanks), Alaska. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station: 121-138.

Slaughter, C.W.; Barney, R.J.; Hansen, G.M., eds. 1971. Proceedings--Fire in the northern environment--a symposium; 1971 April 13-14; College (Fairbanks), Alaska. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 275 p.

Trigg, William M. 1971. Fire season climatic zones of mainland Alaska. Res. Pap. PNW-126. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 12 p.

Van Cleve, K.; Viereck, L.A.; Schlentner, R.L. 1971. Accumulation of nitrogen in alder (Alnus) ecosystems near Fairbanks, Alaska. Arctic and Alpine Research. 3: 101-114.

Viereck, L.A. 1971. The IBP-PT program in the taiga of Alaska. In: Proceedings, IBP workshop, Systems analysis in northern coniferous forests, Swedish Natural Science Research Council Bull. 14. Ecol. Res. Comm.: 58-61.

Zasada, John C. 1971. Frost damage to white spruce cones in interior Alaska. Res. Note PNW-149. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 7 p.

Zasada, John C. 1971. Natural regeneration of interior Alaska forests--seed, seedbed, and vegetative reproduction considerations. In: Slaughter, C.W.; Barney, Richard J.; Hansen, G.M., eds. Proceedings--Fire in the northern environment--a symposium; 1971 April 13-14; College (Fairbanks), Alaska. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 231-246.

1972

Barney, Richard J. 1972. An inexpensive meteorological radiation shield for thermistors and thermocouples. Res. Note PNW-190. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 7 p.

Barney, Richard J. 1972. A 31-day battery operated recording weather station. Res. Note PNW-185. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 7 p.

Beckwith, Roy C. 1972. Scolytid flight in white spruce stands in Alaska. Canadian Entomologist. 104(12): 1977-1983.

Beckwith, Roy C. 1972. Key to adult bark beetles commonly associated with white spruce stands in interior Alaska. Res. Note PNW-189. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 6 p.

Noste, Nonan V.; Percival, Roy M. 1972. Alaska's extra ace: water dropping. Fire Control Notes. 33(2): 9-10.

Percival, Roy M.; Noste, Nonan V. 1972-73. Helicopters and helibuckets used to control interior Alaska wildfires. Fire Control Notes. 34(1): 16-17.

Schmid, J.M.; Beckwith, R.C. 1972. The spruce beetle. Forest Pest Leaflet 127. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 7 p.

Slaughter, C.W.; Barney, R.J. 1972. Fire in the northern environment: meeting summary. Biological Conservation. 4(2): 155-156.

Van Cleve, K.; Viereck, L.A. 1972. Distribution of selected chemical elements in even-aged alder (Alnus) ecosystems near Fairbanks, Alaska. Arctic and Alpine Research. 4: 239-255.

Viereck, L.A.; Little, E.L. 1972. Alaska trees and shrubs. Agric. Handb. 410. Washington, DC: U.S. Department of Agriculture, Forest Service. 265 p.

Zasada, John C. 1972. Guidelines for obtaining natural regeneration of white spruce in Alaska. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 16 p.

Zasada, John C.; Gregory, Robert A. 1972. Paper birch seed production in the Tanana Valley, Alaska. Res. Note PNW-177. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 7 p.

Zasada, J.C.; Parkerson, R.H.; Foote, M.J. 1972. Natural regeneration of white spruce and paper birch--first growing season considerations. In: Proceedings, 23rd Alaskan science conference: 69.

1973

Asakawa, S.; Zasada, J.C. 1973. Report of session on seed storage. In: International symposium on seed processing, Bergen, Norway. Vol. II: 90-92.

Barney, Richard J.; Van Cleve, Keith. 1973. Black spruce fuel weights and biomass in two interior Alaska stands. Canadian Journal of Forest Research. 3(2): 304-311.

Barney, Richard J.; Berglund, Erwin R. 1973. Summary of climatic data for the Bonanza Creek Experimental Forest, interior Alaska. Res. Note PNW-201. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 43 p.

Barney, Richard J.; Comiskey, Albert L. 1973. Wildfires and thunderstorms on Alaska's north slopes. Res. Note PNW-212. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 8 p.

Beckwith, Roy C. 1973. The large aspen tortrix. Forest Pest Leaflet 139. 5 p.

Helmers, Austin E.; Cushwa, Charles T. 1973. Research opportunities and needs in the taiga of Alaska. Gen Tech. Rep. PNW-2. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 14 p.

Noste, Nonan V. 1973. A field method for measuring patterns of water dropped from helicopters. Res. Note PNW-202. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Forest and Range Experiment Station. 11 p.

Schier, George A.; Zasada, John C. 1973. Role of carbohydrate reserves in the development of root suckers in Populus tremuloides. Canadian Journal of Forest Research. 3(2): 243-250.
